Stage 3 Full License

- Must have held a provisional license for one year with no convictions for crash-related moving violations, no alcohol/controlled substance-related violations (a violation of one or more statutes, including DWI, Implied Consent, Open Bottle, or Underage Drinking and Driving/Not a Drop Law) and no more than one non-crash-related moving violation; and
- Parent/guardian must attest to at least 10 additional hours of supervised driving.

Vanessa's Law

In May 2004, a law went into effect referred to as "Vanessa's Law" in memory of Vanessa Weiss, who was killed in May 2003 just days before her 16th birthday. She was a passenger in a vehicle driven by an unlicensed 15-year-old. Provisions of this law apply to drivers under age 18.

- An unlicensed teen who received a crash-related moving violation or an alcohol/controlled substance-related violation (a violation of one or more statutes, including DWI, Implied Consent, Open Bottle, or Underage Drinking and Driving/Not a Drop Law) cannot be given a license, including an instruction permit or provisional license, until age 18. When this person turns 18, s/he must pass the driver's license knowledge test, obtain an instruction permit and hold it for at least six months, and then pass the road test.
- A provisional license holder whose driving privilege was revoked due to a crash-related moving violation or an alcohol/controlled substance-related violation cannot regain a license until age 18. At that time, the person must complete the following steps to obtain a full driver's license:
 - Fulfill all reinstatement requirements, including the payment of fees which can be up to \$680 depending on circumstances;
 - Complete the classroom portion of a formal driver education course;
 - Pass the driver's license knowledge test;
 - Obtain an instruction permit and hold it for three months;
 - Complete a driver's behind-the-wheel class.

Not a Drop Law

In Minnesota, it is illegal for a person under age 21 to consume alcohol. If an underage person drinks and drives, they face penalties under Minnesota's "Not a Drop" law in addition to DWI laws.

Under "Not a Drop," if an officer observes an underage person operating or in physical control of a motor vehicle and determines they have been drinking, they can lose their license for 30 to 180 days. The length of suspension will depend on the driver's prior record.
