

## **Manufactured Home Notice of Security Interest** **IMPORTANT: READ BEFORE YOU COMPLETE THIS FORM**

Minnesota Statutes, Section 168A.141, requires that the certificate of title to a manufactured home be surrendered to the Department of Public Safety if the manufactured home is affixed to real property *and* is financed by a mortgage. "Affixed to real property" means that the manufactured home is secured to a permanent foundation on land that is owned by the homeowner/borrower.

In some circumstances a manufactured home may be encumbered by a security interest (a chattel lien) as well as by a mortgage covering both the home and the land upon which it is located. In these circumstances, the title need not be surrendered if the attached form, *Manufactured Home Notice of Security Interest*, is completed and recorded with the county recorder or registrar of titles for the county in which the real property on which the manufactured home is located.
